

Request for Proposals for Development of Residential Rooftop PV Systems

In 2017 the Authority for Public Services Regulation (previously known as Authority for Electricity Regulation) launched its Sahim initiative which established a regulatory framework allowing household and business to install grid connected PV system. Building on this initiative and in line with the Oman's Vision 2040 and the Governments policy to achieve the wide scale deployment of renewable energy, APSR is pleased to announce the launch of the first phase of its Sahim Residential initiative.

The Sahim Residential Initiative is an Authority led initiative aiming to drive wide-scale deployment of grid connected PV systems on residential premises throughout Oman. The Authority believes that this initiative would deliver positive net benefits to residential customers, the electricity sector and the national economy as a whole.

| | |
|--------------------|---|
| Tender Description | The Authority is seeking, through a competitive process, to select a PV system developer for the purpose of procurement, installation, ownership and operation of rooftop PV systems on selected residential premises by the Authority. The procurement for the Sahim Residential Initiative will be in line with Oman's successful IPP program, using transparent competition to eventually award the contract to the best successfully qualified bidder. Interested participants should contact the Authority on sahim.residential@apsr.om for registration. |
| Tender Number | 158/2020 |
| Sale Deadline | 31 December 2020 |
| Tender Fee | 50 Omani Riyals |
| Payment Methods | Bank Transfer- Upon Payment bidders would be required to send a transfer invoice to the designated Sahim email to gain access to the tender documentations. |

Information- The RfP is for Developers and is not applicable to interested or potential EPC contractors.
